

## Chicken Osteoprotegerin ELISA Kit | OPG elisa kit

Chicken Osteoprotegerin ELISA Kit

CATALOG #  
**AAA101424**

REACTIVITY  
**Chicken**

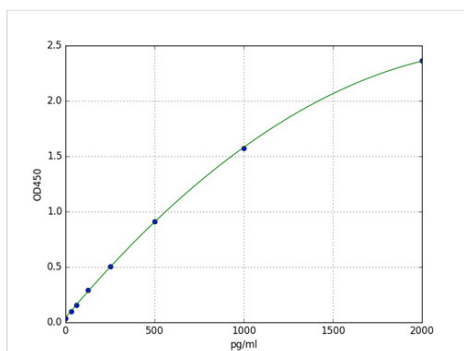

### PRODUCT SYNONYMS

Osteoprotegerin; Chicken Osteoprotegerin ELISA Kit; OPG elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Chicken                                                                                                                                                      |
| Sequence Length         | 401                                                                                                                                                          |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                                                                              |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples                                                                         |
| Detection Range         | 31.25-2000pg/ml                                                                                                                                              |
| Sensitivity             | 18.75pg/ml                                                                                                                                                   |
| Preparation and Storage | Store entire kit at 2-8C for short-term. For longer-term, please store the microplate & standard at -20C, while the remaining reagents can be stored at 2-8C |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                       |
|----------------------------------|-------------------------------------------------------|
| NCBI GI #                        | <a href="#">2072185</a>                               |
| NCBI GeneID                      | <a href="#">4982</a>                                  |
| Molecular Weight                 | 46,026 Da                                             |
| NCBI Official Full Name          | osteoprotegerin                                       |
| NCBI Official Synonym Full Names | tumor necrosis factor receptor superfamily member 11b |
| NCBI Official Symbol             | TNFRSF11B                                             |
| NCBI Official Synonym Symbols    | OPG; TR1; OCIF; PDB5                                  |

|                            |                                                       |
|----------------------------|-------------------------------------------------------|
| NCBI Protein Information   | tumor necrosis factor receptor superfamily member 11B |
| UniProt Protein Name       | Tumor necrosis factor receptor superfamily member 11B |
| UniProt Gene Name          | <b>TNFRSF11B</b>                                      |
| UniProt Synonym Gene Names | OCIF; OPG                                             |
| UniProt Entry Name         | TR11B_HUMAN                                           |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
