

## Porcine Interleukin 1 Receptor Antagonist ELISA Kit | IL-1ra elisa kit

Porcine Interleukin 1 Receptor Antagonist ELISA Kit

CATALOG #  
**AAA101517**

REACTIVITY  
**Porcine**

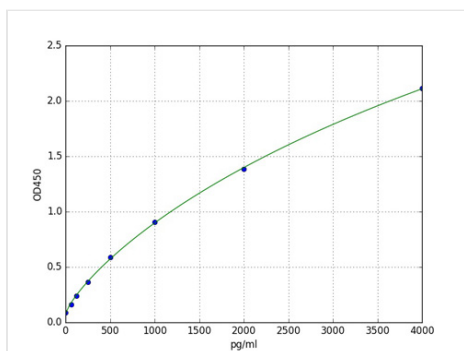

### PRODUCT SYNONYMS

Interleukin 1 Receptor Antagonist; Porcine Interleukin 1 Receptor Antagonist ELISA Kit; IL-1ra elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Porcine                                                                                                                                                      |
| Sequence Length         | 177                                                                                                                                                          |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                                                                              |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples                                                                         |
| Detection Range         | 62.5-4000pg/ml                                                                                                                                               |
| Sensitivity             | 37.5pg/ml                                                                                                                                                    |
| Preparation and Storage | Store entire kit at 2-8C for short-term. For longer-term, please store the microplate & standard at -20C, while the remaining reagents can be stored at 2-8C |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                                    |
|----------------------------------|--------------------------------------------------------------------|
| NCBI GI #                        | <a href="#">186386</a>                                             |
| NCBI GeneID                      | <a href="#">3557</a>                                               |
| Molecular Weight                 | 16,142 Da                                                          |
| NCBI Official Full Name          | interleukin 1 receptor antagonist                                  |
| NCBI Official Synonym Full Names | interleukin 1 receptor antagonist                                  |
| NCBI Official Symbol             | IL1RN                                                              |
| NCBI Official Synonym Symbols    | DIRA; IRAP; IL1F3; IL1RA; MVCD4; IL-1RN; IL-1ra; IL-1ra3; ICIL-1RA |

|                            |                                           |
|----------------------------|-------------------------------------------|
| NCBI Protein Information   | interleukin-1 receptor antagonist protein |
| UniProt Protein Name       | Interleukin-1 receptor antagonist protein |
| UniProt Gene Name          | <b>IL1RN</b>                              |
| UniProt Synonym Gene Names | IL1F3; IL1RA; IL-1RN; IL-1ra; IRAP        |
| UniProt Entry Name         | IL1RA_HUMAN                               |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
