

## Rabbit c-FLIP Polyclonal Antibody | anti-CFLAR antibody

Anti-c-FLIP Antibody

| CATALOG # | HOST   | REACTIVITY    | APPLICATIONS                      |
|-----------|--------|---------------|-----------------------------------|
| AAA104447 | Rabbit | Human, Monkey | Immunoprecipitation, Western Blot |

### PRODUCT SYNONYMS

c-FLIP; Polyclonal Antibody; Anti-c-FLIP Antibody; CASH; CASP8AP1; CLARP; MRIT; CASP8 and FADD-like apoptosis regulator; Caspase homolog; Caspase-eight-related protein; Casper; Caspase-like apoptosis regulatory protein; Cellular FLICE-like inhibitory protein; FADD-like antiapoptotic molecule 1; FLAME-1; Inhibitor of FLICE; I-FLICE; MACH-related inducer of toxicity; Usurpin; anti-CFLAR antibody

### PRODUCT SPECIFICATIONS

| Host                                            | Rabbit                                                                                                                                |
| Reactivity                                      | Human, Monkey                                                                                                                         |
| Clonality                                       | Polyclonal                                                                                                                            |
| Specificity                                     | Recognizes endogenous levels of c-FLIP protein.                                                                                       |
| Purity/Purification                             | The antibody was purified by immunogen affinity chromatography.                                                                       |
| Form/Format                                     | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                             |
| Sequence Length                                 | 480                                                                                                                                   |
| Applicable Applications for anti-CFLAR antibody | IP (Immunoprecipitation), WB (Western Blot)                                                                                           |
| Immunogen                                       | KLH-conjugated synthetic peptide encompassing a sequence within the N-term region of human c-FLIP. The exact sequence is proprietary. |
| Preparation and Storage                         | Ships on blue ice. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.                                   |
