

## Human CD62L ELISA Kit | SELL elisa kit

Human CD62L ELISA Kit

|                               |                            |                              |
|-------------------------------|----------------------------|------------------------------|
| CATALOG #<br><b>AAA105764</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>ELISA</b> |
|-------------------------------|----------------------------|------------------------------|

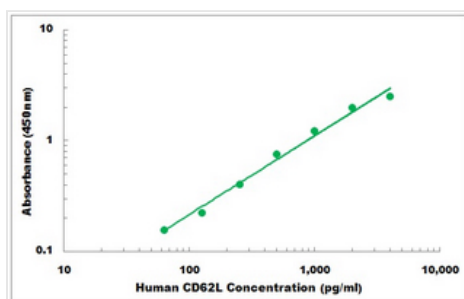

### PRODUCT SYNONYMS

CD62L; Human CD62L ELISA Kit; LNHR; LYAM1; L-selectin; CD62 antigen-like family member L; Leukocyte adhesion molecule 1; LAM-1; Leukocyte surface antigen Leu-8; Leukocyte-endothelial cell adhesion molecule 1; LECAM1; Lymph node homing receptor; TQ1; gp90-MEL; SELL elisa kit

### PRODUCT SPECIFICATIONS

|                                            |                                                                                                             |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| Reactivity                                 | Human                                                                                                       |
| Sequence Length                            | 385                                                                                                         |
| Samples                                    | Cell Culture Supernatants, Serum, Plasma                                                                    |
| Assay Type                                 | Sandwich                                                                                                    |
| Detection Range                            | 62.5 pg/ml - 4000 pg/ml                                                                                     |
| Sensitivity                                | 5 pg/ml                                                                                                     |
| Applicable Applications for SELL elisa kit | ELISA (Sandwich ELISA)                                                                                      |
| Detection Method                           | Colorimetric                                                                                                |
| Preparation and Storage                    | Shipped and store at 4 degree C for 6 months, store at -20 degree C for one year. Avoid freeze/thaw cycles. |
