

## Human AXL ELISA Kit | AXL elisa kit

Human AXL ELISA Kit

|                               |                            |                              |
|-------------------------------|----------------------------|------------------------------|
| CATALOG #<br><b>AAA106025</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>ELISA</b> |
|-------------------------------|----------------------------|------------------------------|

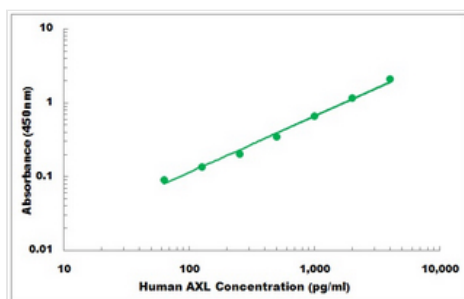

### PRODUCT SYNONYMS

AXL; Human AXL ELISA Kit; UFO; Tyrosine-protein kinase receptor UFO; AXL oncogene; AXL elisa kit

### PRODUCT SPECIFICATIONS

|                                           |                                                                                                             |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| Reactivity                                | Human                                                                                                       |
| Sequence Length                           | 885                                                                                                         |
| Samples                                   | Cell Culture Supernatants, Serum, Plasma                                                                    |
| Assay Type                                | Sandwich                                                                                                    |
| Detection Range                           | 62.5 pg/ml - 4000 pg/ml                                                                                     |
| Sensitivity                               | 10 pg/ml                                                                                                    |
| Applicable Applications for AXL elisa kit | ELISA (Sandwich ELISA)                                                                                      |
| Detection Method                          | Colorimetric                                                                                                |
| Preparation and Storage                   | Shipped and store at 4 degree C for 6 months, store at -20 degree C for one year. Avoid freeze/thaw cycles. |
