

## Rabbit IL13 Polyclonal Antibody | anti-IL13 antibody

IL13 Antibody

| CATALOG # | HOST   | REACTIVITY                 | APPLICATIONS                              |
|-----------|--------|----------------------------|-------------------------------------------|
| AAA109721 | Rabbit | HumanPredicted: Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

### PRODUCT SYNONYMS

IL13; Polyclonal Antibody; IL13 Antibody; anti-IL13 antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                                                              |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                                                       |
| Reactivity                                     | Human<br>Predicted: Mouse, Rat                                                                                                                                               |
| Clonality                                      | Polyclonal                                                                                                                                                                   |
| Form/Format                                    | Purified by protein affinity column containing 1% BSA and 0.02% NaN3                                                                                                         |
| Sequence Length                                | 81                                                                                                                                                                           |
| Applicable Applications for anti-IL13 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                         |
| Preparation and Storage                        | Already reconstituted in 200ul sterile H2O. The antibody is stable for at least one year when stored at-20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |
