

## Rabbit SCFD1 Polyclonal Antibody | anti-SCFD1 antibody

SCFD1 Antibody

| CATALOG # | HOST   | REACTIVITY                  | APPLICATIONS                              |
|-----------|--------|-----------------------------|-------------------------------------------|
| AAA110328 | Rabbit | Human Predicted: Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

### PRODUCT SYNONYMS

SCFD1; Polyclonal Antibody; SCFD1 Antibody; anti-SCFD1 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                                              |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                                       |
| Reactivity                                      | Human<br>Predicted: Mouse, Rat                                                                                                                                               |
| Clonality                                       | Polyclonal                                                                                                                                                                   |
| Form/Format                                     | Purified by protein affinity column containing 0.02% NaN3                                                                                                                    |
| Sequence Length                                 | 550                                                                                                                                                                          |
| Applicable Applications for anti-SCFD1 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                         |
| Preparation and Storage                         | Already reconstituted in 200ul sterile H2O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles |
