

## anti-Human, Mouse RBM5 Antibody | anti-RBM5 antibody

RBM5 Antibody

|                               |                                   |                                            |
|-------------------------------|-----------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA111358</b> | REACTIVITY<br><b>Human, Mouse</b> | APPLICATIONS<br><b>ELISA, Western Blot</b> |
|-------------------------------|-----------------------------------|--------------------------------------------|

### PRODUCT SYNONYMS

RBM5; RBM5 Antibody; G15; H37; LUCA15; RMB5; RNA binding motif protein 5; anti-RBM5 antibody

### PRODUCT SPECIFICATIONS

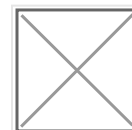

|                                                |                                                                                                                |
|------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| Reactivity                                     | Human, Mouse                                                                                                   |
| Specificity                                    | RBM5 antibody detects endogenous levels of total RBM5 protein.                                                 |
| Purity/Purification                            | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.           |
| Form/Format                                    | In phosphate buffered saline (without Mg2+ and Ca2+), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| Sequence Length                                | 815                                                                                                            |
| Applicable Applications for anti-RBM5 antibody | ELISA, WB (Western Blot)                                                                                       |
| Immunogen                                      | The antiserum was produced against synthesized peptide derived from internal of human RBM5.                    |
| Preparation and Storage                        | Store at -20 degree C for 1 year.                                                                              |

### IMAGES

#### IHC (Immunohistochemistry)

Immunohistochemistry analysis of paraffin-embedded human brain tissue using RBM5 antibody. Western blot analysis of extracts from HUVEC cells, using RBM5 antibody.

#### Application Data
