### PRODUCT SYNONYMS

OX40; Polyclonal Antibody; OX40 Antibody; anti-OX40 antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                                                                            |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                                                                     |
| Reactivity                                     | Human                                                                                                                                                                                      |
| Clonality                                      | Polyclonal                                                                                                                                                                                 |
| Form/Format                                    | Purified by peptide affinity column containing 0.5% BSA and 0.02% NaN <sub>3</sub>                                                                                                         |
| Sequence Length                                | 277                                                                                                                                                                                        |
| Applicable Applications for anti-OX40 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA (Peptide ELISA)                                                                                                                       |
| Preparation and Storage                        | Already reconstituted in 200ul sterile H <sub>2</sub> O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |
