### PRODUCT SYNONYMS

FRMD6; Polyclonal Antibody; FRMD6 Antibody; anti-FRMD6 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                                                            |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                                                     |
| Reactivity                                      | Human<br>Predicted: Mouse, Rat                                                                                                                                                             |
| Clonality                                       | Polyclonal                                                                                                                                                                                 |
| Form/Format                                     | Purified by protein affinity column containing 1% BSA and 0.02% NaN <sub>3</sub> .                                                                                                         |
| Sequence Length                                 | 4516                                                                                                                                                                                       |
| Applicable Applications for anti-FRMD6 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                                       |
| Preparation and Storage                         | Already reconstituted in 200ul sterile H <sub>2</sub> O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |
