### PRODUCT SYNONYMS

ENPP6; Polyclonal Antibody; ENPP6 Antibody; anti-ENPP6 antibody

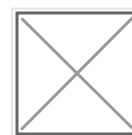

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                                               |
|-------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                                        |
| Reactivity                                      | Human<br>Predicted: Mouse, Rat                                                                                                                                                |
| Clonality                                       | Polyclonal                                                                                                                                                                    |
| Form/Format                                     | ENPP6 antibody purified by protein affinity column containing 1% BSA and 0.02% NaN3                                                                                           |
| Sequence Length                                 | 3856                                                                                                                                                                          |
| Applicable Applications for anti-ENPP6 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                          |
| Source Note                                     | Rabbit polyclonal ENPP6 (1) antibody was raised against a recombinant human ENPP6 protein 25-195 aa (BC035035).                                                               |
| Preparation and Storage                         | Already reconstituted in 200ul sterile H2O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |
