

## Rabbit PNLIPRP2 Polyclonal Antibody | anti-PNLIPRP2 antibody

PNLIPRP2 Antibody

| CATALOG # | HOST   | REACTIVITY                 | APPLICATIONS                              |
|-----------|--------|----------------------------|-------------------------------------------|
| AAA111898 | Rabbit | HumanPredicted: Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

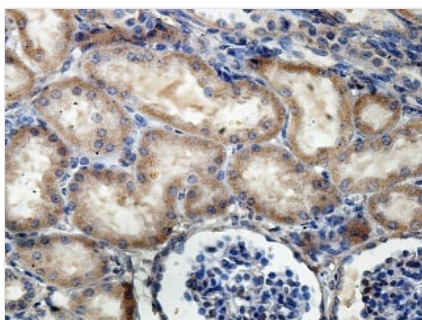

### PRODUCT SYNONYMS

PNLIPRP2; Polyclonal Antibody; PNLIPRP2 Antibody; anti-PNLIPRP2 antibody

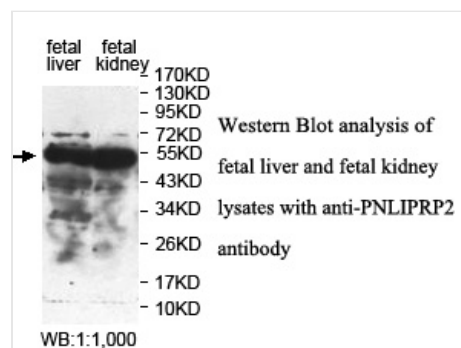

### PRODUCT SPECIFICATIONS

|                                                    |                                                                                                                                                                                            |
|----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                               | Rabbit                                                                                                                                                                                     |
| Reactivity                                         | Human<br>Predicted: Mouse, Rat                                                                                                                                                             |
| Clonality                                          | Polyclonal                                                                                                                                                                                 |
| Form/Format                                        | Purified by protein affinity column containing 1% BSA and 0.02% NaN <sub>3</sub> .                                                                                                         |
| Sequence Length                                    | 1486                                                                                                                                                                                       |
| Applicable Applications for anti-PNLIPRP2 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                                       |
| Preparation and Storage                            | Already reconstituted in 200ul sterile H <sub>2</sub> O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |
