

## (Rhesus macaque) C-C chemokine receptor type 1 (CCR1) Recombinant Protein | CCR1 recombinant protein

Recombinant Macaca mulatta (Rhesus macaque) C-C chemokine receptor type 1 (CCR1)

CATALOG #  
**AAA113812**

HOST  
**E Coli or Yeast or Baculovirus or Mammalian Cell**

### PRODUCT SYNONYMS

(Rhesus macaque) C-C chemokine receptor type 1 (CCR1); Recombinant Macaca mulatta (Rhesus macaque) C-C chemokine receptor type 1 (CCR1); CCR1 recombinant protein

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                 |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | E Coli or Yeast or Baculovirus or Mammalian Cell                                                                                                                                                                                                                                                                                                                                                                |
| Purity/Purification     | Greater or equal to 85% purity as determined by SDS-PAGE.                                                                                                                                                                                                                                                                                                                                                       |
| Form/Format             | Lyophilized or liquid (Format to be determined during the manufacturing process)                                                                                                                                                                                                                                                                                                                                |
| Sequence Positions      | 1-355                                                                                                                                                                                                                                                                                                                                                                                                           |
