

Heparan sulfate N-deacetylase/N-sulfotransferase 1 Recombinant Protein | NDST1 recombinant protein

Recombinant Human Bifunctional heparan sulfate N-deacetylase/N-sulfotransferase 1

CATALOG # AAA114048	HOST E Coli or Yeast or Baculovirus or Mammalian Cell
-------------------------------	---

PRODUCT SYNONYMS

Heparan sulfate N-deacetylase/N-sulfotransferase 1; Recombinant Human Bifunctional heparan sulfate N-deacetylase/N-sulfotransferase 1; Glucosaminyl N-deacetylase/N-sulfotransferase 1; NDST-1; N-heparan sulfate sulfotransferase 1; N-HSST 1; [Heparan sulfate]-glucosamine N-sulfotransferase 1; HSNST 1; 2 domains: Heparan sulfate N-deacetylase 1 (EC:3.-.-.); Heparan sulfate N-sulfotransferase 1 (EC:2.8.2.-); NDST1 recombinant protein

PRODUCT SPECIFICATIONS

Host	E Coli or Yeast or Baculovirus or Mammalian Cell
Purity/Purification	Greater or equal to 85% purity as determined by SDS-PAGE.
Form/Format	Lyophilized or liquid (Format to be determined during the manufacturing process)
Sequence Positions	40-556aa; Partial of Isoform 2
Sequence	GWKRGLEPSA DAPEPDCGDP PPVAPSRLLP LKPVQAATPS RTDPLVLVFV ESLYSQLGQE VVAILESSRF KYRTEIAPGK GDMPTLTDKG RGRFALIYE NILKYVNLDA WNRELLDKYC VAYGVGIIGF FKANENSLLS AQLKGFPLFL HSNLGLKDCS INPKSPLLYV TRPSEVEKGV LPGEDWTVFQ SNHSTYEPVL LAKTRSSSEI PHLGADAGLH AALHATVVQD LGLHDGIQRV LFGNNLFWL HKLVFVDAVA FLTGKRSLP LDRIYLVDDI DIFVGKEGTR MKVEDVKALF DTQNELRAHI PNFTFNLGYS GKFFHTGTNA EDAGDDLILLS YVKEFWWFFPH MWSHMQPHLF HNQSVLAEQM ALNKKFAVEH GIPTDMGYAV APHHSVYPV HVQLYEAWKQ VWSIRVTSTE EYPHLKPARY RRGFIHNGIM VLPRQTCGLF THTIFYNEYP GGSSELDKII NGGELFTVL LNPVSAPQPM AAGEKGLLHS LSAADTGFL PGKGGEA
Production Note	Special Offer: The E Coli host-expressed protein is manufactured from a stock plasmid containing the protein gene. E Colihost-expressed protein is stocked in different unit sizes ranging from as small as 10 ug to as large as 1 mg. Bulk inventory is also available. The E Coli host-expressed protein has been ordered over and over again by researchers and has stood the test of time as both a robust protein and important target for the research community. It is part of our new program to make our most popular protein targets and corresponding hosts available in expanded unit sizes and with a quick processing time. Select E Coli host-expressed protein for the fastest delivery among all hosts. Please contact our or email to for more details.
Preparation and Storage	Store at -20 degree C, for extended storage, conserve at -20 degree C or -80 degree C.

ADDITIONAL INFORMATION

Related Product Information for NDST1 recombinant protein	Essential bifunctional enzyme that catalyzes both the N-deacetylation and the N-sulfation of glucosamine (GlcNAc) of the glycosaminoglycan in heparan sulfate. Modifies the GlcNAc-GlcA disaccharide repeating sugar backbone to make N-sulfated heparosan, a prerequisite substrate for later modifications in heparin biosynthesis. Plays a role in determining the extent and pattern of sulfation of heparan sulfate. Compared to other NDST enzymes, its presence is absolutely required. Participates in biosynthesis of heparan sulfate that can ultimately serve as L-selectin ligands, thereby playing a role in inflammatory response.

NCBI AND UNIPROT INFORMATION

NCBI GI #	666637969
NCBI GeneID	3340
NCBI Accession #	NP_001287992.1
NCBI GenBank Nucleotide #	NM_001301063.1
UniProt Accession #	P52848; Q96E57
Molecular Weight	73.5 kDa
NCBI Official Full Name	bifunctional heparan sulfate N-deacetylase/N-sulfotransferase 1 isoform 2
NCBI Official Synonym Full Names	N-deacetylase/N-sulfotransferase 1

NCBI Official Symbol	NDST1
NCBI Official Synonym Symbols	HSST; NST1; MRT46
NCBI Protein Information	bifunctional heparan sulfate N-deacetylase/N-sulfotransferase 1
UniProt Protein Name	Bifunctional heparan sulfate N-deacetylase/N-sulfotransferase 1
UniProt Gene Name	NDST1
UniProt Synonym Gene Names	HSST; HSST1; NDST-1; N-HSST 1; HSNST 1
UniProt Entry Name	NDST1_HUMAN

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
