## PRODUCT SYNONYMS

E3 ubiquitin-protein ligase RNF125; Polyclonal Antibody; Rabbit anti-human E3 ubiquitin-protein ligase RNF125 polyclonal Antibody(RNF125); RING finger protein 125; T-cell RING activation protein 1; TRAC-1; anti-RNF125 antibody

## PRODUCT SPECIFICATIONS

|                                                  |                                                                                                                |
|--------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                                         |
| Reactivity                                       | Human                                                                                                          |
| Clonality                                        | Polyclonal                                                                                                     |
| Isotype                                          | IgG                                                                                                            |
| Purity/Purification                              | Antigen Affinity Purified                                                                                      |
| Sequence Length                                  | 232                                                                                                            |
| Applicable Applications for anti-RNF125 antibody | IHC (Immunohistochemistry), ELISA                                                                              |
| Storage Buffer                                   | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                                                              |
| Conjugate                                        | Non-conjugated                                                                                                 |
| Immunogen                                        | Recombinant human E3 ubiquitin-protein ligase RNF125 protein (1-232aa)                                         |
| Santa Cruz Alternative                           | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-85188                                  |
| Preparation and Storage                          | Shipped at 4 degree C. Upon delivery aliquot and store at -20 degree C or -80 degree C. Avoid repeated freeze. |
