### PRODUCT SYNONYMS

CT83/KK-LC-1; Monoclonal Recombinant Antibody; Anti-Human CT83/KK-LC-1 Antibody (SAA1826); KKL1; CXorf61; Cancer/testis antigen 83; Kita-kyushu lung cancer antigen 1; CT83; KK-LC-1; CT83/KK-LC-1 recombinant antibody

### PRODUCT SPECIFICATIONS

|                                                               |                                                                                                                                                      |
|---------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                          | Mouse                                                                                                                                                |
| Reactivity                                                    | Human                                                                                                                                                |
| Clonality                                                     | Monoclonal                                                                                                                                           |
| Isotype                                                       | IgG2a, kappa                                                                                                                                         |
| Clone Number                                                  | SAA1826                                                                                                                                              |
| Purity/Purification                                           | >95% by SDS-PAGE<br>Protein A or G purified from cell culture supernatant.                                                                           |
| Form/Format                                                   | Liquid; 0.01M PBS, pH7.4.                                                                                                                            |
| Concentration                                                 | 1.22 mg/ml (varies by lot)                                                                                                                           |
| Applicable Applications for CT83/KK-LC-1 recombinant antibody | ELISA                                                                                                                                                |
| Preparation and Storage                                       | Store at -20 degree C for short term.<br>Store at -80 degree C for long term.<br>Use a manual defrost freezer and avoid repeated freeze-thaw cycles. |

### ADDITIONAL INFORMATION

|                                                                 |                                        |
