

## CD268/TNFRSF13C recombinant protein

Recombinant Human CD268/TNFRSF13C, C-Fc

|                               |                                |                                                      |
|-------------------------------|--------------------------------|------------------------------------------------------|
| CATALOG #<br><b>AAA120514</b> | HOST<br><b>Mammalian cells</b> | APPLICATIONS<br><b>ELISA, Western Blot, SDS-Page</b> |
|-------------------------------|--------------------------------|------------------------------------------------------|

### PRODUCT SYNONYMS

CD268/TNFRSF13C; Recombinant Human CD268/TNFRSF13C; C-Fc; BR3; TNFRSF13C; BAFF receptor; BLyS receptor 3; Tumor necrosis factor receptor superfamily member 13C; CD268; B-cell-activating factor receptor; BAFFR; BAFF-R; Drug Target; CD268/TNFRSF13C recombinant protein

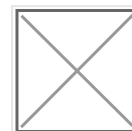

### PRODUCT SPECIFICATIONS

|                                                                 |                                                                                                                                                                                     |
|-----------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                            | Mammalian cells                                                                                                                                                                     |
| Purity/Purification                                             | >90% as determined by SDS-PAGE                                                                                                                                                      |
| Form/Format                                                     | Lyophilized from a solution in PBS pH7.4, 1mM EDTA, 4% Trehalose, 1% Mannitol.                                                                                                      |
| Sequence Positions                                              | Arg2-Ala71                                                                                                                                                                          |
| Sequence Length                                                 | Arg2-Ala71                                                                                                                                                                          |
| Applicable Applications for CD268/TNFRSF13C recombinant protein | ELISA, WB (Western Blot), SDS-PAGE                                                                                                                                                  |
| Species                                                         | Human                                                                                                                                                                               |
| Reconstitution                                                  | Reconstitute in sterile water for a stock solution.                                                                                                                                 |
| Preparation and Storage                                         | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 degree C for one week. Store at -20 to -80 degree C for twelve months from the date of receipt. |

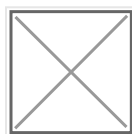

### IMAGES

**Bioactivity**

Detects Human CD268/TNFRSF13C Antibody (CB3s) in indirect ELISAs.

**Bioactivity**

Detects Ianalumab in indirect ELISAs.

**SDS-PAGE**

SDS PAGE for recombinant Human CD268 / TNFRSF13C
