

## CD358/TNFRSF21 recombinant protein

Recombinant Human CD358/TNFRSF21 Protein, C-His

|                               |                          |                                                      |
|-------------------------------|--------------------------|------------------------------------------------------|
| CATALOG #<br><b>AAA120555</b> | HOST<br><b>Mammalian</b> | APPLICATIONS<br><b>ELISA, Western Blot, SDS-Page</b> |
|-------------------------------|--------------------------|------------------------------------------------------|

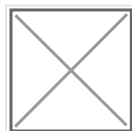

### PRODUCT SYNONYMS

CD358/TNFRSF21; Recombinant Human CD358/TNFRSF21 Protein; C-His; DR6; Death receptor 6; Tumor necrosis factor receptor superfamily member 21; TNFRSF21; CD358; CD358/TNFRSF21 recombinant protein

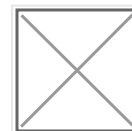

### PRODUCT SPECIFICATIONS

|                                                                |                                                                                                                                                                                     |
|----------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                           | Mammalian                                                                                                                                                                           |
| Purity/Purification                                            | >90% as determined by SDS-PAGE                                                                                                                                                      |
| Form/Format                                                    | Liquid; 0.01M PBS, pH7.4.                                                                                                                                                           |
| Sequence Positions                                             | Gln42-His349                                                                                                                                                                        |
| Sequence Length                                                | Gln42-His349                                                                                                                                                                        |
| Applicable Applications for CD358/TNFRSF21 recombinant protein | ELISA, WB (Western Blot), SDS-PAGE                                                                                                                                                  |
| Species                                                        | Human                                                                                                                                                                               |
| Reconstitution                                                 | Reconstitute in sterile water for a stock solution.                                                                                                                                 |
| Preparation and Storage                                        | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 degree C for one week. Store at -20 to -80 degree C for twelve months from the date of receipt. |

### IMAGES

**Bioactivity**

Detects Human CD358/TNFRSF21 Antibody (M53-E04) in indirect ELISAs.

**SDS-PAGE**

SDS PAGE for recombinant Human CD358/TNFRSF21 Protein

### ADDITIONAL INFORMATION
