### PRODUCT SYNONYMS

Slit Homolog 3 (Slit3); Polyclonal Antibody; Polyclonal Antibody to Slit Homolog 3 (Slit3); anti-Slit3 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                                                                                                                                     |
|-------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                                                                                                                              |
| Reactivity                                      | Mouse, Human, Rat                                                                                                                                                                                                                                                   |
| Clonality                                       | Polyclonal                                                                                                                                                                                                                                                          |
| Specificity                                     | The antibody is a rabbit polyclonal antibody raised against Slit3. It has been selected for its ability to recognize Slit3 in immunohistochemical staining and western blotting.                                                                                    |
| Purity/Purification                             | Affinity Chromatography                                                                                                                                                                                                                                             |
| Form/Format                                     | Supplied as solution form in PBS, pH7.4, containing 0.02% NaN <sub>3</sub> , 50% glycerol.                                                                                                                                                                          |
| Concentration                                   | 0.33mg/ml (varies by lot)                                                                                                                                                                                                                                           |
| Sequence                                        | Antigen: The target protein is fused with a C-terminal tag. His-tag and its sequence is listed below.<br>MHHH HHHSSGLVPR GSGMKETAAA KFERQHMDSP DLGTDGDDKA MADIGSEF-P TKCTCSAASV<br>DCHGLGLRAV PRGIPRNAER LDLDRNNITR ITKMDFAGLK NLRVLHLEDN QVSIERGAF QDLKQLERLR LNKD |
| Sequence Length                                 | 1523                                                                                                                                                                                                                                                                |
| Applicable Applications for anti-Slit3 antibody | WB (Western Blot), ELISA, IHC (Immunohistochemistry), ICC (Immunocytochemistry)                                                                                                                                                                                     |
| Immunogen                                       | Recombinant Slit3 (Pro35~Asn119) expressed in E.coli.                                                                                                                                                                                                               |
| Cross Reactivity                                | Mouse                                                                                                                                                                                                                                                               |
| Conjugated Antibody                             | The APC conjugated antibody version of this item is also available as                                                                                                                                                                                               |
| Preparation and Storage                         | Store at 4 degree C for frequent use. Stored at -20 degree C to -80 degree C in a manual defrost freezer for one year without detectable loss of activity. Avoid repeated freeze-thaw cycles.                                                                       |
