| Specificity                                      | The antibody is a rabbit polyclonal antibody raised against CITED1. It has been selected for its ability to recognize CITED1 in immunohistochemical staining and western blotting.                                                                                                                                                                                                     |

| Fragment                                         | CITED1 (Met1~Cys193)                                                                                                                                                                                                                                                                                                                                                                   |
| Organism Species                                 | Homo sapiens (Human)                                                                                                                                                                                                                                                                                                                                                                   |
| Cross Reactivity                                 | Human                                                                                                                                                                                                                                                                                                                                                                                  |
| Conjugate                                        | No Conjugate                                                                                                                                                                                                                                                                                                                                                                           |
| Immunogen                                        | Recombinant CITED1 (Met1~Cys193) expressed in E. coli.                                                                                                                                                                                                                                                                                                                                 |
| Conjugated Antibody                              | The APC conjugated antibody version of this item is also available as                                                                                                                                                                                                                                                                                                                  |
| Preparation and Storage                          | Store at 4 degree C for frequent use. Stored at -20 degree C to -80 degree C in a manual defrost freezer for one year without detectable loss of activity. Avoid repeated freeze-thaw cycles.                                                                                                                                                                                          |
