

## Rabbit Casein Kappa Polyclonal Antibody | anti-CSN3 antibody

Polyclonal Antibody to Casein Kappa (CSN3)

| CATALOG # | HOST   | REACTIVITY    | APPLICATIONS                                                   |
|-----------|--------|---------------|----------------------------------------------------------------|
| AAA142999 | Rabbit | Human, Bovine | ELISA, Immunohistochemistry, Immunocytochemistry, Western Blot |

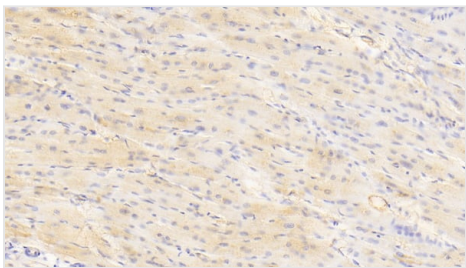

### PRODUCT SYNONYMS

Casein Kappa; Polyclonal Antibody; Polyclonal Antibody to Casein Kappa (CSN3); anti-CSN3 antibody

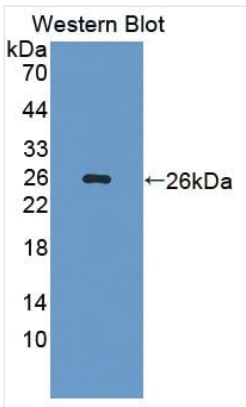

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                                                                               |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                                                                        |
| Reactivity                                     | Human, Bovine                                                                                                                                                                                 |
| Clonality                                      | Polyclonal                                                                                                                                                                                    |
| Specificity                                    | The antibody is a rabbit polyclonal antibody raised against CSN3. It has been selected for its ability to recognize CSN3 in immunohistochemical staining and western blotting.                |
| Purity/Purification                            | Affinity Chromatography                                                                                                                                                                       |
| Form/Format                                    | Liquid                                                                                                                                                                                        |
| Concentration                                  | 500ug/mL (varies by lot)                                                                                                                                                                      |
| Applicable Applications for anti-CSN3 antibody | ELISA, IHC (Immunohistochemistry), ICC (Immunocytochemistry), WB (Western Blot)                                                                                                               |
| Fragment                                       | CSN3 (Asn24~Thr181)                                                                                                                                                                           |
| Organism Species                               | Homo sapiens (Human)                                                                                                                                                                          |
| Cross Reactivity                               | Human                                                                                                                                                                                         |
| Conjugate                                      | No Conjugate                                                                                                                                                                                  |
| Immunogen                                      | Recombinant CSN3 (Asn24~Thr181) expressed in E Coli.                                                                                                                                          |
| Conjugated Antibody                            | The APC conjugated antibody version of this item is also available as                                                                                                                         |
| Preparation and Storage                        | Store at 4 degree C for frequent use. Stored at -20 degree C to -80 degree C in a manual defrost freezer for one year without detectable loss of activity. Avoid repeated freeze-thaw cycles. |
