

## Human Procalcitonin (PCT) Antibody Pair Kit | PCT antibody pair kit

Human Procalcitonin (PCT) Antibody Pair Kit (with Standard)

|                               |                            |                                     |
|-------------------------------|----------------------------|-------------------------------------|
| CATALOG #<br><b>AAA147792</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>ELISA, ELISA</b> |
|-------------------------------|----------------------------|-------------------------------------|

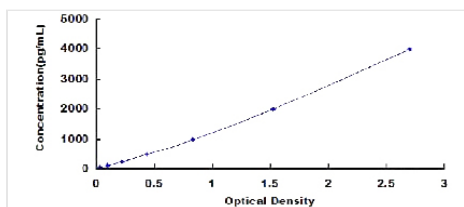

### PRODUCT SYNONYMS

Procalcitonin (PCT); Human Procalcitonin (PCT) Antibody Pair Kit (with Standard); Pro-Calcitonin; PCT antibody pair kit

### PRODUCT SPECIFICATIONS

|                                                   |                                                                                                      |
|---------------------------------------------------|------------------------------------------------------------------------------------------------------|
| Reactivity                                        | Human                                                                                                |
| Samples                                           | Serum, Plasma, Tissue Homogenates, Cell Lysates, Cell Culture Supernates and Other Biological Fluids |
| Detection Range                                   | 62.4-4000pg/mL                                                                                       |
| Applicable Applications for PCT antibody pair kit | Luminex, ELISPOT, CLIA (Chemiluminescence Immunoassay), ELISA                                        |
| Standard                                          | Recombinant PCT (Lyophilized, 1 vial-10ug)                                                           |
| Capture Antibody                                  | Rabbit polyclonal antibody (Liquid, 1 vial-400mug/800muL)                                            |
| Detection Antibody                                | Biotinylated Rabbit polyclonal antibody (Liquid, 1 vial-100mug/500muL)                               |
| Producte Usage                                    | Raw materials can be used for preparation of 5x96T or 10x96T ELISA Kits.                             |
| Antibody Support Pack                             | Antibody Support Pack (Buffer Pack) is sold separately as                                            |

### ADDITIONAL INFORMATION

|                                                     |                                        |
|-----------------------------------------------------|----------------------------------------|
| Product Categories/Family for PCT antibody pair kit | Infection immunity; Hormone metabolism |
|-----------------------------------------------------|----------------------------------------|

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
