

## Human Clara Cell Protein 16 (CC16) Antibody Pair Kit | CC16 antibody pair kit

Human Clara Cell Protein 16 (CC16) Antibody Pair Kit (with Standard)

|                               |                            |                                     |
|-------------------------------|----------------------------|-------------------------------------|
| CATALOG #<br><b>AAA147806</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>ELISA, ELISA</b> |
|-------------------------------|----------------------------|-------------------------------------|

### PRODUCT SYNONYMS

Clara Cell Protein 16 (CC16); Human Clara Cell Protein 16 (CC16) Antibody Pair Kit (with Standard); SCGB1A1; CC10; CCSP; UGB; Uteroglobin; Urinary Protein 1; Clara Cell Secretory Protein; Secretoglobulin Family 1A Member 1; Clara-Cell Specific 10-kD Protein; CC16 antibody pair kit

### PRODUCT SPECIFICATIONS

|                                                    |                                                                                                                         |
|----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Reactivity                                         | Human                                                                                                                   |
| Samples                                            | Serum, Plasma, Tissue Homogenates, Cell Lysates, Lung Lavage Fluid, Cell Culture Supernates and Other Biological Fluids |
| Detection Range                                    | 0.312-20ng/mL                                                                                                           |
| Applicable Applications for CC16 antibody pair kit | Luminex, ELISPOT, CLIA (Chemiluminescence Immunoassay), ELISA                                                           |
| Standard                                           | Recombinant CC16 (Lyophilized, 1 vial-10ug)                                                                             |
| Capture Antibody                                   | Rabbit polyclonal antibody (Liquid, 1 vial-400μg/800μL)                                                                 |
| Detection Antibody                                 | Biotinylated Rabbit polyclonal antibody (Liquid, 1 vial-100μg/500μL)                                                    |
| Product Usage                                      | Raw materials can be used for preparation of 5x96T or 10x96T ELISA Kits.                                                |
| Antibody Support Pack                              | Antibody Support Pack (Buffer Pack) is sold separately as                                                               |

### ADDITIONAL INFORMATION

|                                                      |                                                         |
|------------------------------------------------------|---------------------------------------------------------|
| Product Categories/Family for CC16 antibody pair kit | Infection immunity; Cardiovascular biology; Pulmonology |
|------------------------------------------------------|---------------------------------------------------------|

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
