

## Actin Beta (ACTb) Antibody Pair Kit | ACTb antibody pair kit

Actin Beta (ACTb) Antibody Pair Kit (with Standard)

|                               |                                        |                                     |
|-------------------------------|----------------------------------------|-------------------------------------|
| CATALOG #<br><b>AAA147815</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>ELISA, ELISA</b> |
|-------------------------------|----------------------------------------|-------------------------------------|

### PRODUCT SYNONYMS

Actin Beta (ACTb); Actin Beta (ACTb) Antibody Pair Kit (with Standard); ACT-B; PS1TP5BP1; Actin; cytoplasmic 1; N-terminally processed; ACTb antibody pair kit

### PRODUCT SPECIFICATIONS

|                                                    |                                                                                       |
|----------------------------------------------------|---------------------------------------------------------------------------------------|
| Reactivity                                         | Human, Mouse, Rat                                                                     |
| Samples                                            | Tissue Homogenates, Cell Lysates, Cell Culture Supernates and Other Biological Fluids |
| Detection Range                                    | 3.12-200ng/mL                                                                         |
| Applicable Applications for ACTb antibody pair kit | Luminex, ELISPOT, CLIA (Chemiluminescence Immunoassay), ELISA                         |
| Standard                                           | Recombinant ACTb (Lyophilized, 1 vial-10ug)                                           |
| Capture Antibody                                   | Rabbit polyclonal antibody (Liquid, 1 vial-400mug/800muL)                             |
| Detection Antibody                                 | Biotinylated Rabbit polyclonal antibody (Liquid, 1 vial-100mug/500muL)                |
| Producte Usage                                     | Raw materials can be used for preparation of 5x96T or 10x96T ELISA Kits.              |
| Antibody Support Pack                              | Antibody Support Pack (Buffer Pack) is sold separately as                             |

### ADDITIONAL INFORMATION

|                                                      |                                                             |
|------------------------------------------------------|-------------------------------------------------------------|
| Product Categories/Family for ACTb antibody pair kit | Signal transduction; Developmental science; Bone metabolism |
|------------------------------------------------------|-------------------------------------------------------------|

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
