

ADDITIONAL INFORMATION

|                                          |                     |
|------------------------------------------|---------------------|
| Product Categories/Family for AP protein | Eukaryotic proteins |
|------------------------------------------|---------------------|

NCBI AND UNIPROT INFORMATION

|                            |                              |
|----------------------------|------------------------------|
| NCBI GI #                  | 115114                       |
| UniProt Accession #        | P00974                       |
| Molecular Weight           | 10,903 Da                    |
| NCBI Official Full Name    | Pancreatic trypsin inhibitor |
| UniProt Protein Name       | Pancreatic trypsin inhibitor |
| UniProt Gene Name          | BPI                          |
| UniProt Synonym Gene Names | BPTI                         |
| UniProt Entry Name         | BPT1_BOVIN                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
