

## Rabbit STK17B/DRAK2 Polyclonal Antibody | anti-STK17B antibody

STK17B/DRAK2 Rabbit anti-Human Polyclonal (Internal) Antibody

| CATALOG # | HOST   | REACTIVITY                | APPLICATIONS                                             |
|-----------|--------|---------------------------|----------------------------------------------------------|
| AAA162710 | Rabbit | Mouse, Bovine, Rat, Human | Western Blot, Immunohistochemistry, Immunohistochemistry |

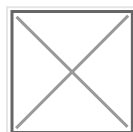

### PRODUCT SYNONYMS

STK17B/DRAK2; Polyclonal Antibody; STK17B/DRAK2 Rabbit anti-Human Polyclonal (Internal) Antibody; IHC-plus STK17B/DRAK2 Antibody (Internal); STK17B; DRAK2; Serine/threonine kinase 17b; anti-STK17B antibody

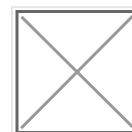

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                                     |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                              |
| Reactivity                                       | Mouse, Bovine, Rat, Human                                                                           |
| Clonality                                        | Polyclonal                                                                                          |
| Specificity                                      | Recognizes endogenous levels of STK17B protein.                                                     |
| Purity/Purification                              | Immunoaffinity purified                                                                             |
| Form/Format                                      | PBS, pH7.3, 0.01% Sodium Azide, 30% Glycerol                                                        |
| Concentration                                    | 1mg/ml (varies by lot)                                                                              |
| Applicable Applications for anti-STK17B antibody | WB (Western Blot), IHC (Immunohistochemistry), IHC (Immunohistochemistry)                           |
| Target                                           | Human STK17B/DRAK2                                                                                  |
| Immunogen                                        | KLH-conjugated synthetic peptide encompassing a sequence within the central region of human STK17B. |
| Conjugation                                      | Unconjugated                                                                                        |
| Epitope                                          | Internal                                                                                            |
| Family                                           | Protein Kinase                                                                                      |
| Subfamily                                        | DAPK                                                                                                |
| Preparation and Storage                          | Store at -20 degree C. Aliquot to avoid freeze/thaw cycles.                                         |
