

## Mouse PVRL3 ELISA Kit | PVRL3 elisa kit

Mouse PVRL3 (Poliovirus Receptor Related Protein 3) ELISA Kit

CATALOG #  
**AAA164137**

REACTIVITY  
**Mouse**

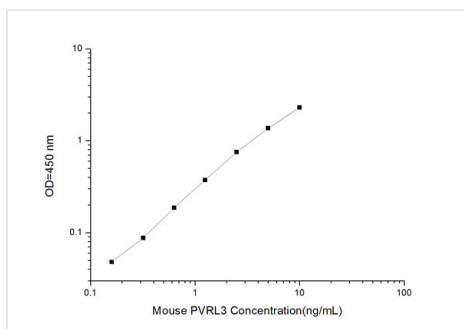

### PRODUCT SYNONYMS

PVRL3; Mouse PVRL3 (Poliovirus Receptor Related Protein 3) ELISA Kit; PVRL3 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                          |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Mouse                                                                                                                                                    |
| Specificity             | This kit recognizes natural and recombinant Mouse PVRL3. No significant cross-reactivity or interference between Mouse PVRL3 and analogues was observed. |
| Sequence Length         | 487                                                                                                                                                      |
| Samples                 | Serum, Plasma, Biological Fluids                                                                                                                         |
| Assay Type              | Sandwich                                                                                                                                                 |
| Detection Range         | 0.156-10ng/mL                                                                                                                                            |
| Sensitivity             | Min: 0.094ng/mL; Max: 10ng/mL                                                                                                                            |
| Preparation and Storage | Store at 4 degree C.                                                                                                                                     |

| Related Product Information for PVRL3 elisa kit | <p>Intended Uses: This ELISA kit applies to the in vitro quantitative determination of Mouse PVRL3 concentrations in serum, plasma and other biological fluids.</p> <p>Principle of the Assay: This ELISA kit uses Sandwich-ELISA as the method. The micro ELISA plate provided in this kit has been pre-coated with an antibody specific to PVRL3. Standards or samples are added to the appropriate micro ELISA plate wells and combined with the specific antibody. Then a biotinylated detection antibody specific for PVRL3 and Avidin-Horseradish Peroxidase (HRP) conjugate is added to each micro plate well successively and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain PVRL3, biotinylated detection antibody and Avidin-HRP conjugate will appear blue in color. The enzyme-substrate reaction is terminated by the addition of a sulphuric acid solution and the color turns yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm +/- 2 nm. The OD value is proportional to the concentration of PVRL3. You can calculate the concentration of PVRL3 in the samples by comparing the OD of the samples to the standard curve.</p> |
