

Rat PGR ELISA Kit | PGR elisa kit

Rat PGR (Progesterone Receptor) ELISA Kit

CATALOG #
AAA164405

REACTIVITY
Rat

PRODUCT SYNONYMS

PGR; Rat PGR (Progesterone Receptor) ELISA Kit; PGR elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Rat
Specificity	This assay has high sensitivity and excellent specificity for detection of Rat PGR. No significant cross-reactivity or interference between Rat PGR and analogues was observed. Note: Limited by current skills and knowledge, it is impossible for us to complete the cross- reactivity detection between Rat PGR and all the analogues, therefore, cross reaction may still exist.
Sequence Length	336
Samples	Serum, Plasma, Biological Fluids
Assay Type	Sandwich
Detection Range	0.313-20ng/mL
Sensitivity	Min: 0.188ng/mL; Max: 20ng/mL
Preparation and Storage	Store at 4 degree C.

ADDITIONAL INFORMATION

Related Product Information for PGR elisa kit

Description: The kit is a sandwich enzyme immunoassay for in vitro quantitative measurement of PGR in Rat serum, plasma and other biological fluids

Principle of the Assay: This ELISA kit uses Sandwich-ELISA as the method. The micro ELISA plate provided in this kit has been pre-coated with an antibody specific to Rat PGR. Standards or samples are added to the appropriate micro ELISA plate wells and bound by the specific antibody. Then a biotinylated detection antibody specific for Rat PGR and Avidin-Horseradish Peroxidase (HRP) conjugate is added to each micro plate well successively and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain Rat PGR, biotinylated detection antibody and Avidin-HRP conjugate will appear blue in color. The enzyme-substrate reaction is terminated by the addition of a sulphuric acid solution and the color turns yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm +/- 2 nm. The OD value is proportional to the concentration of Rat PGR. You can calculate the concentration of Rat PGR in the samples by comparing the OD of the samples to the standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	124111288
Molecular Weight	38,494 Da
NCBI Official Full Name	PGR, partial
UniProt Protein Name	PGR
UniProt Gene Name	PGR
UniProt Entry Name	A2T787_PANTR

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
