

Rabbit TF Polyclonal Antibody | anti-TF antibody

TF Polyclonal Antibody

CATALOG #	HOST	REACTIVITY	APPLICATIONS
AAA166465	Rabbit	Human, Mouse, Rat	Immunohistochemistry, Western Blot, ELISA

PRODUCT SYNONYMS

TF; Polyclonal Antibody; TF Polyclonal Antibody; TFQTL1; PRO1557; PRO2086; anti-TF antibody

PRODUCT SPECIFICATIONS

Host	Rabbit
Reactivity	Human, Mouse, Rat
Clonality	Polyclonal
Isotype	IgG
Purity/Purification	Antigen affinity purification
Concentration	1mg/mL (varies by lot)
Sequence Length	228
Applicable Applications for anti-TF antibody	IHC (Immunohistochemistry), WB (Western Blot), ELISA
Immunogen	Synthetic peptide of human TF
Buffer	PBS with 0.05% sodium azide, 50% glycerol, pH7.3
Preparation and Storage	Store at -20 degree C (regular) and -80 degree C (long term). Avoid freeze / thaw cycles.

IMAGES

IHC (Immunohistochemistry)

Immunohistochemistry of paraffin-embedded Human prostate cancer using TF Polyclonal Antibody at dilution of 1:20

WB (Western Blot)

Western Blot analysis of Human kidney and prostate tissue using TF Polyclonal Antibody at dilution of 1:200

ADDITIONAL INFORMATION

Related Product Information for anti-TF antibody	This gene encodes a glycoprotein with an approximate molecular weight of 76. 5 kDa. It is thought to have been created as a result of an ancient gene duplication event that led to generation of homologous C and N-terminal domains each of which binds one ion of ferric iron. The function of this protein is to transport iron from the intestine, reticuloendothelial system, and liver parenchymal cells to all proliferating cells in the body. This protein may also have a physiologic role as granulocyte/pollen-binding protein (GPBP) involved in the removal of certain organic matter and allergens from serum.

NCBI AND UNIPROT INFORMATION

NCBI GI #	1680635
NCBI Official Full Name	tissue factor; TF; blood coagulation factor VII/VIIa receptor

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
