

Rabbit HCK Polyclonal Antibody | anti-HCK antibody

HCK Polyclonal Antibody

CATALOG #	HOST	REACTIVITY	APPLICATIONS
AAA169974	Rabbit	Human, Mouse, Rat	Immunohistochemistry, Western Blot, ELISA

PRODUCT SYNONYMS

HCK; Polyclonal Antibody; HCK Polyclonal Antibody; JTK9; p59Hck; p61Hck; anti-HCK antibody

PRODUCT SPECIFICATIONS

Host	Rabbit
Reactivity	Human, Mouse, Rat
Clonality	Polyclonal
Isotype	IgG
Purity/Purification	Antigen affinity purification
Concentration	0.9mg/mL (varies by lot)
Sequence Length	505
Applicable Applications for anti-HCK antibody	IHC (Immunohistochemistry), WB (Western Blot), ELISA
Immunogen	Recombinant protein of human HCK
Buffer	PBS with 0.05% sodium azide, 50% glycerol, pH7.3
Preparation and Storage	Store at -20 degree C (regular) and -80 degree C (long term). Avoid freeze / thaw cycles.

IMAGES

IHC (Immunohistochemisry)

Immunohistochemistry of paraffin-embedded Human liver cancer using HCK Polyclonal Antibody at dilution of 1:20

IHC (Immunohiostchemistry)

Immunohistochemistry of paraffin-embedded Human thyroid cancer using HCK Polyclonal Antibody at dilution of 1:20

WB (Western Blot)

Western Blot analysis of A549 cell using HCK Polyclonal Antibody at dilution of 1:450

ADDITIONAL INFORMATION

Related Product Information for anti-HCK antibody	The protein encoded by this gene is a member of the Src family of tyrosine kinases. This protein is primarily hemopoietic, particularly in cells of the myeloid and B-lymphoid lineages. It may help couple the Fc receptor to the activation of the respiratory burst. In addition, it may play a role in neutrophil migration and in the degranulation of neutrophils. Multiple isoforms with different subcellular distributions are produced due to both alternative splicing and the use of alternative translation initiation codons, including a non-AUG (CUG) codon.

NCBI AND UNIPROT INFORMATION

NCBI GI #	649100514
NCBI Official Full Name	HCK, partial

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
