

Human LDHA (Lactate Dehydrogenase A) CLIA Kit | LDHA clia kit

Human LDHA (Lactate Dehydrogenase A) CLIA Kit

CATALOG #
AAA171273

REACTIVITY
Human

PRODUCT SYNONYMS

LDHA (Lactate Dehydrogenase A); Human LDHA (Lactate Dehydrogenase A) CLIA Kit; GSD11; LDH1; LDHM; LDHA clia kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Specificity	This kit recognizes natural and recombinant LDHA. No significant cross-reactivity or interference between LDHA and analogues was observed.
Sequence Length	12
Assay Type	Sandwich
Detection Range	0.156-10ng/mL
Sensitivity	Min: 0.094ng/mL; Max: 10ng/mL

ADDITIONAL INFORMATION

Related Product Information for LDHA clia kit

Intended Uses: This CLIA kit applies to the in vitro quantitative determination of LDHA concentrations in serum, plasma and other biological fluids.

Principle of the Assay: This kit uses Sandwich-CLIA as the method. The micro CLIA plate provided in this kit has been pre-coated with an antibody specific to LDHA. Standards or samples are added to the appropriate micro CLIA plate wells and combined with the specific antibody. Then a biotinylated detection antibody specific for LDHA and Avidin-Horseradish Peroxidase (HRP) conjugate is added to each micro plate well successively and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain LDHA, biotinylated detection antibody and Avidin-HRP conjugate will appear fluorescence. The Relative light unit (RLU) value is measured spectrophotometrically by the Chemiluminescence immunoassay analyzer. The RLU value is positively associated with the concentration of LDHA. You can calculate the concentration of LDHA in the samples by comparing the RLU value of the samples to the standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	239613
Molecular Weight	26,712 Da
NCBI Official Full Name	lactate dehydrogenase A, partial
UniProt Protein Name	L-lactate dehydrogenase A chain
UniProt Gene Name	LDHA
UniProt Synonym Gene Names	LDH-A; LDH-M
UniProt Entry Name	LDHA_HUMAN

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
