| Purity/Purification                              | Antigen Affinity Purified                                               |
| Concentration                                    | 1 mg/ml (varies by lot)                                                 |
| Applicable Applications for anti-UBE2D2 antibody | ELISA, WB (Western Blot)                                                |
| Immunogen                                        | Synthesized peptide derived from the C-terminal region of human UBE2D2. |
| Buffer                                           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
| Preparation and Storage                          | Store at -20 degree C. Avoid freeze / thaw cycles.                      |
