

## Rabbit Ezrin Polyclonal Antibody | anti-EZR antibody

Ezrin Polyclonal Antibody

|                               |                       |                                        |                                            |
|-------------------------------|-----------------------|----------------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA172091</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>ELISA, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------------------|--------------------------------------------|

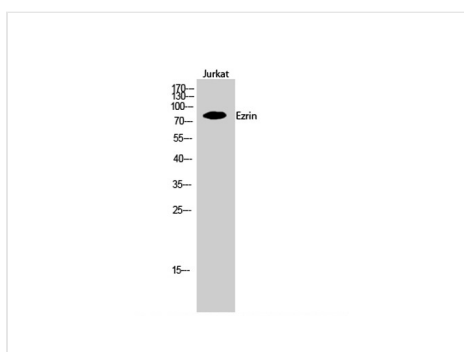

### PRODUCT SYNONYMS

Ezrin; Polyclonal Antibody; Ezrin Polyclonal Antibody; EZR; VIL2; Cytovillin; Villin-2; p81; anti-EZR antibody

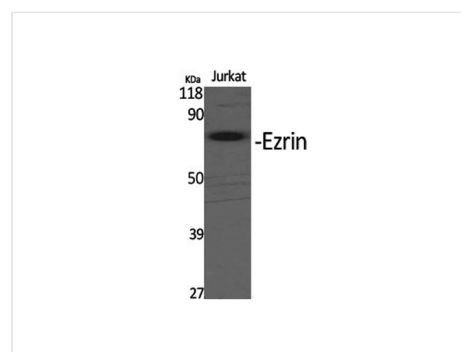

### PRODUCT SPECIFICATIONS

|                                               |                                                                                           |
|-----------------------------------------------|-------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                    |
| Reactivity                                    | Human, Mouse, Rat                                                                         |
| Clonality                                     | Polyclonal                                                                                |
| Isotype                                       | IgG                                                                                       |
| Purity/Purification                           | Antigen Affinity Purified                                                                 |
| Concentration                                 | 1 mg/ml (varies by lot)                                                                   |
| Sequence Length                               | 586                                                                                       |
| Applicable Applications for anti-EZR antibody | ELISA, WB (Western Blot)                                                                  |
| Immunogen                                     | Synthesized peptide derived from human Ezrin around the non-phosphorylation site of Y478. |
| Buffer                                        | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                   |
| Preparation and Storage                       | Store at -20 degree C. Avoid freeze / thaw cycles.                                        |
