

## Rabbit E2F-6 Polyclonal Antibody | anti-E2F-6 antibody

E2F-6 Polyclonal Antibody

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                              |
|-----------|--------|-------------------|-------------------------------------------|
| AAA172274 | Rabbit | Human, Mouse, Rat | ELISA, Immunohistochemistry, Western Blot |

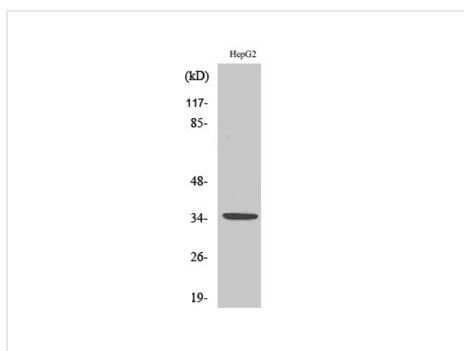

### PRODUCT SYNONYMS

E2F-6; Polyclonal Antibody; E2F-6 Polyclonal Antibody; E2F6; Transcription factor E2F6; anti-E2F-6 antibody

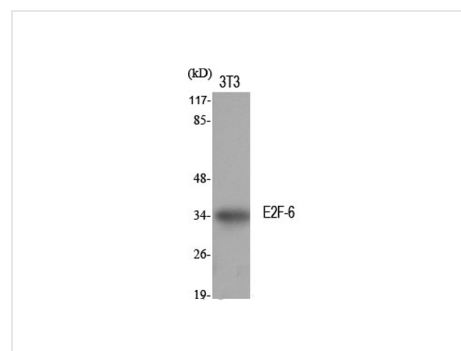

### PRODUCT SPECIFICATIONS

|                                                 |                                                                         |
|-------------------------------------------------|-------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                  |
| Reactivity                                      | Human, Mouse, Rat                                                       |
| Clonality                                       | Polyclonal                                                              |
| Isotype                                         | IgG                                                                     |
| Purity/Purification                             | Antigen Affinity Purified                                               |
| Concentration                                   | 1 mg/ml (varies by lot)                                                 |
| Applicable Applications for anti-E2F-6 antibody | ELISA, IHC (Immunohistochemistry), WB (Western Blot)                    |
| Immunogen                                       | Synthesized peptide derived from the Internal region of human E2F-6.    |
| Buffer                                          | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze / thaw cycles.                      |
