

## Rabbit anti-Human GGH Polyclonal Antibody | anti-GGH antibody

GGH Polyclonal Antibody

|                               |                       |                            |                                                                               |
|-------------------------------|-----------------------|----------------------------|-------------------------------------------------------------------------------|
| CATALOG #<br><b>AAA172935</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunofluorescence, Immunohistochemistry, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------|-------------------------------------------------------------------------------|

### PRODUCT SYNONYMS

GGH; Polyclonal Antibody; GGH Polyclonal Antibody; GH; anti-GGH antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                          |
|-----------------------------------------------|------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                   |
| Reactivity                                    | Human                                                                                    |
| Clonality                                     | Polyclonal                                                                               |
| Isotype                                       | IgG                                                                                      |
| Purity/Purification                           | Antigen Affinity Purification                                                            |
| Sequence Length                               | 318                                                                                      |
| Applicable Applications for anti-GGH antibody | IF (Immunofluorescence), IHC (Immunohistochemistry), WB (Western Blot)                   |
| Immunogen                                     | Recombinant protein of human GGH                                                         |
| Buffer                                        | PBS with 0.02% sodium azide, 50% glycerol, pH7.3                                         |
| Santa Cruz Alternative                        | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-69276 / sc-69277 |
| Preparation and Storage                       | Store at -20 degree C. Avoid freeze/thaw cycles.                                         |

### IMAGES

#### IF (Immunofluorescence)

Immunofluorescence analysis of HeLa cell using GGH antibody. Blue: DAPI for nuclear staining.

#### WB (Western Blot)

Western blot analysis of extracts of various cells, using GGH antibody.

### NCBI AND UNIPROT INFORMATION

|                                  |                             |
