

## Rabbit anti-Human, Mouse USP9X Polyclonal Antibody | anti-USP9X antibody

USP9X Polyclonal Antibody

|                               |                       |                                   |                                                    |
|-------------------------------|-----------------------|-----------------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA173315</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse</b> | APPLICATIONS<br><b>Immunohistochemistry, ELISA</b> |
|-------------------------------|-----------------------|-----------------------------------|----------------------------------------------------|

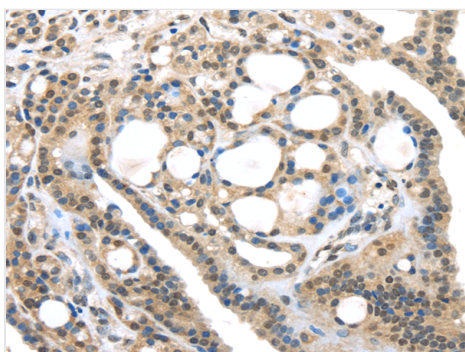

### PRODUCT SYNONYMS

USP9X; Polyclonal Antibody; USP9X Polyclonal Antibody; FAF; FAM; DFFRX; MRX99; anti-USP9X antibody

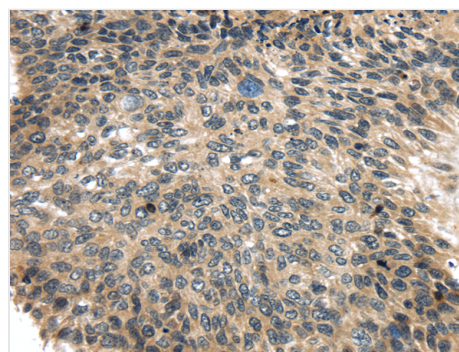

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                           |
|-------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                    |
| Reactivity                                      | Human, Mouse                                                                                                              |
| Clonality                                       | Polyclonal                                                                                                                |
| Isotype                                         | IgG                                                                                                                       |
| Purity/Purification                             | Antigen Affinity Purification                                                                                             |
| Concentration                                   | 2.4mg/ml (varies by lot)                                                                                                  |
| Sequence Length                                 | 289                                                                                                                       |
| Applicable Applications for anti-USP9X antibody | IHC (Immunohistochemistry), ELISA                                                                                         |
| Immunogen                                       | Synthetic peptide of human USP9X                                                                                          |
| Buffer                                          | PBS with 0.05% sodium azide, 50% glycerol, pH7.3                                                                          |
| Santa Cruz Alternative                          | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-55424 / sc-55424 / sc-55425 / sc-55426 / sc-55427 |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze/thaw cycles.                                                                          |

| Related Product Information for anti-USP9X antibody | This gene is a member of the peptidase C19 family and encodes a protein that is similar to ubiquitin-specific proteases. Though this gene is located on the X chromosome, it escapes X-inactivation. Mutations in this gene have been associated with Turner syndrome. Alternate transcriptional splice variants, encoding different isoforms, have been characterized. |
