

## Mouse Guanine nucleotide exchange factor VAV3 ELISA Kit | Vav3 elisa kit

Mouse Guanine nucleotide exchange factor VAV3 ELISA Kit

CATALOG #  
**AAA191108**

REACTIVITY  
**Mouse**

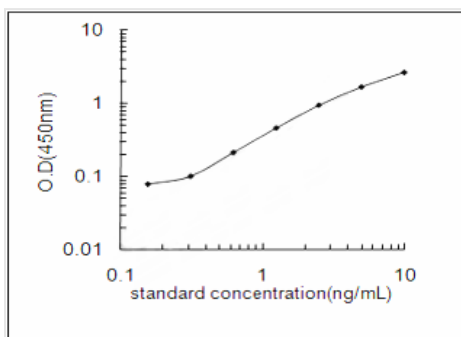

### PRODUCT SYNONYMS

Guanine nucleotide exchange factor VAV3; Mouse Guanine nucleotide exchange factor VAV3 ELISA Kit; VAV-3; Vav3; Vav3 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Mouse                                                               |
| Sequence Length         | 847                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 0.156-10 ng/mL                                                      |
| Sensitivity             | 0.088 ng/mL                                                         |
| Intra-Assay CV          | <=5.0%                                                              |
| Inter-Assay CV          | <=7.4%                                                              |
| Recovery                | 105%                                                                |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |                                                        |
|---------------------------|--------------------------------------------------------|
| NCBI GI #                 | 69724858                                               |
| NCBI GeneID               | 57257                                                  |
| NCBI Accession #          | NP_065251.2                                            |
| NCBI GenBank Nucleotide # | NM_020505.2                                            |
| UniProt Accession #       | Q9R0C8; Q7TS85; Q8BRV2; Q8CCF5; Q8R076; Q9JLS6; A2CFD7 |
| Molecular Weight          | 66,849 Da                                              |

|                                  |                                                   |
|----------------------------------|---------------------------------------------------|
| NCBI Official Full Name          | guanine nucleotide exchange factor VAV3 isoform 1 |
| NCBI Official Synonym Full Names | vav 3 oncogene                                    |
| NCBI Official Symbol             | Vav3                                              |
| NCBI Official Synonym Symbols    | Idd18.1; AA986410; A530094I06Rik                  |
| NCBI Protein Information         | guanine nucleotide exchange factor VAV3           |
| UniProt Protein Name             | Guanine nucleotide exchange factor VAV3           |
| UniProt Gene Name                | <b>Vav3</b>                                       |
| UniProt Synonym Gene Names       | VAV-3                                             |
| UniProt Entry Name               | VAV3_MOUSE                                        |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
