

## Human Cholesteryl ester transfer protein ELISA Kit | CETP elisa kit

Human Cholesteryl ester transfer protein ELISA Kit

CATALOG #  
**AAA191229**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Cholesteryl ester transfer protein; Human Cholesteryl ester transfer protein ELISA Kit; Lipid transfer protein I; CETP; CETP elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Sequence Length         | 493                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 31.2-2000 pg/ml                                                     |
| Sensitivity             | 10 pg/mL                                                            |
| Intra-Assay CV          | <=4.2%                                                              |
| Inter-Assay CV          | <=7.5%                                                              |
| Recovery                | 97%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |                                |
|---------------------------|--------------------------------|
| NCBI GI #                 | 169636439                      |
| NCBI GeneID               | 1071                           |
| NCBI Accession #          | NP_000069.2                    |
| NCBI GenBank Nucleotide # | NM_000078.2                    |
| UniProt Accession #       | P11597; Q13987; Q13988; Q53YZ1 |
| Molecular Weight          | 47,787 Da                      |

|                                  |                                              |
|----------------------------------|----------------------------------------------|
| NCBI Official Full Name          | cholesteryl ester transfer protein isoform 1 |
| NCBI Official Synonym Full Names | cholesteryl ester transfer protein, plasma   |
| NCBI Official Symbol             | CETP                                         |
| NCBI Official Synonym Symbols    | BPIFF; HDLCQ10                               |
| NCBI Protein Information         | cholesteryl ester transfer protein           |
| UniProt Protein Name             | Cholesteryl ester transfer protein           |
| UniProt Gene Name                | <b>CETP</b>                                  |
| UniProt Entry Name               | CETP_HUMAN                                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
