| Reactivity              | Rat                                                                 |
| Sequence Length         | 215                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 31.2-2000 pg/mL                                                     |
| Sensitivity             | 15.8 pg/mL                                                          |
| Intra-Assay CV          | <=4.2%                                                              |
| Inter-Assay CV          | <=6.8%                                                              |
| Recovery                | 98%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |
