

## Human Prolactin-inducible protein ELISA Kit | PIP elisa kit

Human Prolactin-inducible protein ELISA Kit

CATALOG #  
**AAA191969**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Prolactin-inducible protein; Human Prolactin-inducible protein ELISA Kit; Gross cystic disease fluid protein 15; GCDFP-15; Prolactin-induced protein; Secretory actin-binding protein; SABP; gp17; PIP; GCDFP15; GPIP4; PIP elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Sequence Length         | 146                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 31.2-2000 pg/mL                                                     |
| Sensitivity             | 15.6 pg/mL                                                          |
| Intra-Assay CV          | <=5.2%                                                              |
| Inter-Assay CV          | <=8.3%                                                              |
| Recovery                | 97%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |                                        |
|---------------------------|----------------------------------------|
| NCBI GI #                 | 4505821                                |
| NCBI GeneID               | 5304                                   |
| NCBI Accession #          | NP_002643.1                            |
| NCBI GenBank Nucleotide # | NM_002652.2                            |
| UniProt Accession #       | P12273; A0A963; A0A9C3; A0A9F3; A4D2I1 |
| Molecular Weight          | 16,572 Da                              |

|                                  |                                |
|----------------------------------|--------------------------------|
| NCBI Official Full Name          | prolactin-inducible protein    |
| NCBI Official Synonym Full Names | prolactin-induced protein      |
| NCBI Official Symbol             | PIP                            |
| NCBI Official Synonym Symbols    | GPIP4; GCDFP15; GCDFP-15       |
| NCBI Protein Information         | prolactin-inducible protein    |
| UniProt Protein Name             | Prolactin-inducible protein    |
| UniProt Gene Name                | <b>PIP</b>                     |
| UniProt Synonym Gene Names       | GCDFP15; GPIP4; GCDFP-15; SABP |
| UniProt Entry Name               | PIP_HUMAN                      |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
