

## Mouse Urokinase-type plasminogen activator ELISA Kit | Plau elisa kit

Mouse Urokinase-type plasminogen activator ELISA Kit

CATALOG #  
**AAA192072**

REACTIVITY  
**Mouse**

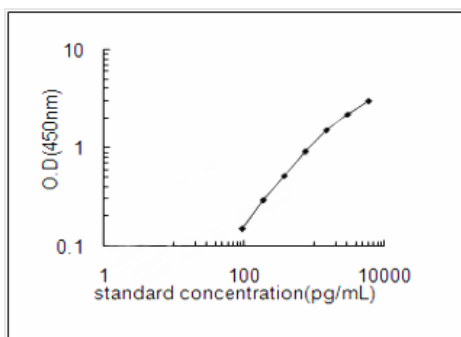

### PRODUCT SYNONYMS

Urokinase-type plasminogen activator; Mouse Urokinase-type plasminogen activator ELISA Kit; U-plasminogen activator; uPA; Plau; 3.4.21.73; Plau elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Mouse                                                               |
| Sequence Length         | 433                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 93.75-6000 pg/mL                                                    |
| Sensitivity             | 46.875 pg/mL                                                        |
| Intra-Assay CV          | <=5.1%                                                              |
| Inter-Assay CV          | <=7.3%                                                              |
| Recovery                | 87%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |             |
|---------------------------|-------------|
| NCBI GI #                 | 6679377     |
| NCBI GeneID               | 18792       |
| NCBI Accession #          | NP_032899.1 |
| NCBI GenBank Nucleotide # | NM_008873.3 |
| UniProt Accession #       | P06869      |
| Molecular Weight          | 48,268 Da   |

|                                  |                                      |
|----------------------------------|--------------------------------------|
| NCBI Official Full Name          | urokinase-type plasminogen activator |
| NCBI Official Synonym Full Names | plasminogen activator, urokinase     |
| NCBI Official Symbol             | Plau                                 |
| NCBI Official Synonym Symbols    | uPA; u-PA                            |
| NCBI Protein Information         | urokinase-type plasminogen activator |
| UniProt Protein Name             | Urokinase-type plasminogen activator |
| UniProt Gene Name                | <b>Plau</b>                          |
| UniProt Synonym Gene Names       | U-plasminogen activator; uPA         |
| UniProt Entry Name               | UROK_MOUSE                           |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
