

## Mouse Inhibin beta A chain ELISA Kit | Inhba elisa kit

Mouse Inhibin beta A chain ELISA Kit

|                               |                            |
|-------------------------------|----------------------------|
| CATALOG #<br><b>AAA192495</b> | REACTIVITY<br><b>Mouse</b> |
|-------------------------------|----------------------------|

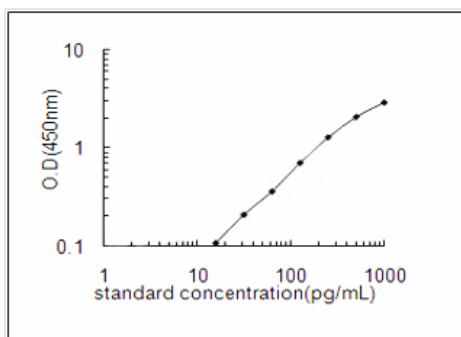

### PRODUCT SYNONYMS

Inhibin beta A chain; Mouse Inhibin beta A chain ELISA Kit; Activin beta-A chain; Inhba; Inhba elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Mouse                                                               |
| Sequence Length         | 424                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 15.6-1000 pg/mL                                                     |
| Sensitivity             | 7.8 pg/mL                                                           |
| Intra-Assay CV          | <=7.5%                                                              |
| Inter-Assay CV          | <=9.4%                                                              |
| Recovery                | 89%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |             |
|---------------------------|-------------|
| NCBI GI #                 | 6680451     |
| NCBI GeneID               | 16323       |
| NCBI Accession #          | NP_032406.1 |
| NCBI GenBank Nucleotide # | NM_008380.1 |
| UniProt Accession #       | Q04998      |
| Molecular Weight          | 47,392 Da   |

|                                  |                      |
|----------------------------------|----------------------|
| NCBI Official Full Name          | inhibin beta A chain |
| NCBI Official Synonym Full Names | inhibin beta-A       |
| NCBI Official Symbol             | Inhba                |
| NCBI Protein Information         | inhibin beta A chain |
| UniProt Protein Name             | Inhibin beta A chain |
| UniProt Gene Name                | <b>Inhba</b>         |
| UniProt Entry Name               | INHBA_MOUSE          |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
