

## Human C-C motif chemokine 23 ELISA Kit | CCL23 elisa kit

Human C-C motif chemokine 23 ELISA Kit

CATALOG #  
**AAA194945**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

C-C motif chemokine 23; Human C-C motif chemokine 23 ELISA Kit; CK-beta-8; CKB-8; Macrophage inflammatory protein 3; MIP-3; Myeloid progenitor inhibitory factor 1; MPIF-1; Small-inducible cytokine A23; CCL23; MIP3; MPIF1; SCYA23; CCL23 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Sequence Length         | 137                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 15.6-1000 pg/mL                                                     |
| Sensitivity             | 10pg/mL                                                             |
| Intra-Assay CV          | <=5.1%                                                              |
| Inter-Assay CV          | <=7.4%                                                              |
| Recovery                | 88%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                                       |
|----------------------------------|-----------------------------------------------------------------------|
| NCBI GI #                        | 632794829                                                             |
| NCBI GeneID                      | 6368                                                                  |
| NCBI Accession #                 | NP_005055.3                                                           |
| NCBI GenBank Nucleotide #        | NM_005064.5                                                           |
| UniProt Accession #              | P55773; O00174; O75950; Q52LD4; B7ZKQ3                                |
| Molecular Weight                 | 15,290 Da                                                             |
| NCBI Official Full Name          | C-C motif chemokine 23 isoform CKbeta8-1                              |
| NCBI Official Synonym Full Names | C-C motif chemokine ligand 23                                         |
| NCBI Official Symbol             | CCL23                                                                 |
| NCBI Official Synonym Symbols    | CKb8; MIP3; Ckb-8; MIP-3; MPIF-1; SCYA23; Ckb-8-1; hmmp-2a; CK-BETA-8 |

|                            |                                           |
|----------------------------|-------------------------------------------|
| NCBI Protein Information   | C-C motif chemokine 23                    |
| UniProt Protein Name       | C-C motif chemokine 23                    |
| UniProt Gene Name          | CCL23                                     |
| UniProt Synonym Gene Names | MIP3; MPIF1; SCYA23; CKB-8; MIP-3; MPIF-1 |
| UniProt Entry Name         | CCL23_HUMAN                               |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
