

## Dog Clusterin ELISA Kit | CLU elisa kit

Dog Clusterin ELISA Kit

CATALOG #  
**AAA194950**

REACTIVITY  
**Dog**

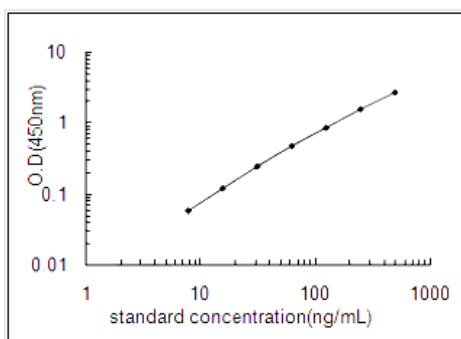

### PRODUCT SYNONYMS

Clusterin; Dog Clusterin ELISA Kit; Glycoprotein 80; Gp80; CLU; CLU elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Dog                                                                 |
| Sequence Length         | 445                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                               |                                |
|-------------------------------|--------------------------------|
| NCBI GI #                     | 50979240                       |
| NCBI GeneID                   | 442971                         |
| NCBI Accession #              | <a href="#">NP_001003370.1</a> |
| NCBI GenBank Nucleotide #     | <a href="#">NM_001003370.1</a> |
| UniProt Accession #           | <a href="#">P25473</a>         |
| Molecular Weight              | 51,790 Da                      |
| NCBI Official Full Name       | clusterin                      |
| NCBI Official Symbol          | CLU                            |
| NCBI Official Synonym Symbols | GP80                           |
| NCBI Protein Information      | clusterin                      |
| UniProt Protein Name          | Clusterin                      |
| UniProt Gene Name             | <b>CLU</b>                     |

|                            |            |
|----------------------------|------------|
| UniProt Synonym Gene Names | Gp80       |
| UniProt Entry Name         | CLUS_CANLF |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
