

## Human DNA-binding protein Ikaros ELISA Kit | IKZF1 elisa kit

Human DNA-binding protein Ikaros ELISA Kit

CATALOG #  
**AAA196063**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

DNA-binding protein Ikaros; Human DNA-binding protein Ikaros ELISA Kit; Ikaros family zinc finger protein 1; Lymphoid transcription factor LyF-1; IKZF1; IK1; IKAROS; LYF1; ZNFN1A1; IKZF1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Sequence Length         | 477                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 0.156-10 ng/mL                                                      |
| Sensitivity             | 0.057ng/ml                                                          |
| Intra-Assay CV          | <=3.8%                                                              |
| Inter-Assay CV          | <=7.9%                                                              |
| Recovery                | 95%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |                                                                |
|---------------------------|----------------------------------------------------------------|
| NCBI GI #                 | 334085209                                                      |
| NCBI GeneID               | 10320                                                          |
| NCBI Accession #          | NP_001207694.1                                                 |
| NCBI GenBank Nucleotide # | NM_001220765.2                                                 |
| UniProt Accession #       | Q13422; O00598; Q53XL2; Q69BM4; Q8WVA3; A4D260; B4E0Z1; D3DVM5 |
| Molecular Weight          | 24,470 Da                                                      |

|                                  |                                                               |
|----------------------------------|---------------------------------------------------------------|
| NCBI Official Full Name          | DNA-binding protein Ikaros isoform 2                          |
| NCBI Official Synonym Full Names | IKAROS family zinc finger 1                                   |
| NCBI Official Symbol             | IKZF1                                                         |
| NCBI Official Synonym Symbols    | IK1; LYF1; LyF-1; IKAROS; PPP1R92; PRO0758; ZNFN1A1; Hs.54452 |
| NCBI Protein Information         | DNA-binding protein Ikaros                                    |
| UniProt Protein Name             | DNA-binding protein Ikaros                                    |
| UniProt Gene Name                | IKZF1                                                         |
| UniProt Synonym Gene Names       | IK1; IKAROS; LYF1; ZNFN1A1                                    |
| UniProt Entry Name               | IKZF1_HUMAN                                                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
