

## Mouse Transcription factor HIVEP2 ELISA Kit | Hivep2 elisa kit

Mouse Transcription factor HIVEP2 ELISA Kit

CATALOG #  
**AAA196249**

REACTIVITY  
**Mouse**

### PRODUCT SYNONYMS

Transcription factor HIVEP2; Mouse Transcription factor HIVEP2 ELISA Kit; Human immunodeficiency virus type I enhancer-binding protein 2 homolog; Myc intron-binding protein 1; MIBP-1; Hivep2; Mibp1; Hivep2 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Mouse                                                               |
| Sequence Length         | 2446                                                                |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 0.312-20 ng/mL                                                      |
| Sensitivity             | 0.16 ng/mL                                                          |
| Intra-Assay CV          | <=4.3%                                                              |
| Inter-Assay CV          | <=6.4%                                                              |
| Recovery                | 96%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                           |                             |
|---------------------------|-----------------------------|
| NCBI GI #                 | 110347463                   |
| NCBI GeneID               | 3097                        |
| NCBI Accession #          | NP_006725.3                 |
| NCBI GenBank Nucleotide # | NM_006734.3                 |
| Molecular Weight          | 269,053 Da                  |
| NCBI Official Full Name   | transcription factor HIVEP2 |

|                                  |                                                                |
|----------------------------------|----------------------------------------------------------------|
| NCBI Official Synonym Full Names | human immunodeficiency virus type I enhancer binding protein 2 |
| NCBI Official Symbol             | HIVEP2                                                         |
| NCBI Official Synonym Symbols    | SHN2; ZAS2; MBP-2; MIBP1; MRD43; ZNF40B; HIV-EP2               |
| NCBI Protein Information         | transcription factor HIVEP2                                    |
| UniProt Protein Name             | Transcription factor HIVEP2                                    |
| UniProt Gene Name                | <b>HIVEP2</b>                                                  |
| UniProt Synonym Gene Names       | HIV-EP2; MBP-2                                                 |
| UniProt Entry Name               | ZEP2_HUMAN                                                     |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
