

## Human ERO1B/ERO1-Like Protein beta ELISA Kit | ERO1B elisa kit

Human ERO1B/ERO1-Like Protein beta ELISA Kit

CATALOG #  
**AAA196848**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

ERO1B/ERO1-Like Protein beta; Human ERO1B/ERO1-Like Protein beta ELISA Kit; ERO1-like protein beta; Endoplasmic reticulum oxidoreductase beta; Endoplasmic reticulum oxidoreductin-1-like protein B; Oxidoreductin-1-L-beta; ERO1LB; ERO1B elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Specificity             | Natural and recombinant Human ERO1-like protein beta                |
| Sequence Length         | 433                                                                 |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 78-5000pg/mL                                                        |
| Sensitivity             | 22pg/mL                                                             |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                            |                         |
|----------------------------|-------------------------|
| NCBI GI #                  | 697457656               |
| UniProt Accession #        | Q86YB8                  |
| NCBI Official Full Name    | ERO1-like beta, partial |
| UniProt Protein Name       | ERO1-like protein beta  |
| UniProt Gene Name          | <b>ERO1LB</b>           |
| UniProt Synonym Gene Names | ERO1-L-beta             |
| UniProt Entry Name         | ERO1B_HUMAN             |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
