| Immunogen                                      | Recombinant FCN3 (Glu34~Met297) expressed in E.coli ( )                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Preparation and Storage                        | <b>Storage:</b><br>Avoid repeated freeze/thaw cycles.<br>Store at 4°C for frequent use.<br>Aliquot and store at -20°C for up to 24 months.<br><br><b>Stability Test:</b><br>thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition. |
