

## Human Interferon Alpha (IFN-alpha Ab) ELISA Kit | IFN-alpha elisa kit

Human Interferon Alpha Antibody (IFN-alpha Ab) ELISA Kit

CATALOG #  
**AAA202195**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Interferon Alpha (IFN-alpha Ab); Human Interferon Alpha Antibody (IFN-alpha Ab) ELISA Kit; IFN-alpha elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Human                                                             |
| Sequence Length | 195                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 0.5ng/ml-8ng/ml                                                   |
| Sensitivity     | 0.1 ng/ml                                                         |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for IFN-alpha elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of IFN-alpha AB in the sample, This IFN-alpha AB ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus IFN-alpha AB concentration. The concentration of IFN-alpha AB in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|             |        |
|-------------|--------|
| NCBI GI #   | 386800 |
| NCBI GeneID | 3467   |

|                                  |                    |
|----------------------------------|--------------------|
| NCBI Official Full Name          | interferon-alpha   |
| NCBI Official Synonym Full Names | interferon omega 1 |
| NCBI Official Symbol             | IFNW1              |
| NCBI Protein Information         | interferon omega-1 |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
