

## Human Secretin ELISA Kit | Sct elisa kit

Human Secretin ELISA Kit

CATALOG #  
**AAA202383**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Secretin; Human Secretin ELISA Kit; Sct elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Human                                                             |
| Sequence Length | 133                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 12.5 pg/ml-200 pg/ml                                              |
| Sensitivity     | 1 pg/ml                                                           |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for Sct elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of SECRETIN in the sample, This SECRETIN ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus SECRETIN concentration. The concentration of SECRETIN in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|             |         |
|-------------|---------|
| NCBI GI #   | 6755416 |
| NCBI GeneID | 20287   |

|                                  |                                  |
|----------------------------------|----------------------------------|
| NCBI Accession #                 | <a href="#">NP_035458</a>        |
| NCBI GenBank Nucleotide #        | <a href="#">NP_035458.1</a>      |
| UniProt Accession #              | <a href="#">Q08535</a>           |
| NCBI Official Full Name          | secretin isoform 2 preproprotein |
| NCBI Official Synonym Full Names | secretin                         |
| NCBI Official Symbol             | Sct                              |
| NCBI Protein Information         | secretin                         |
| UniProt Protein Name             | Secretin                         |
| UniProt Gene Name                | <b>Sct</b>                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
